**SOMERSET  
HOUSE** step inside think outside

The Arks of Gimokudan by Leeroy New

Diversity and inclusion, sustainability and responsible event management are of paramount importance to Somerset House and, by extension, our accredited suppliers.

To hold ourselves accountable, we have identified key areas in which we are committed to making progress:

### **SUSTAINABILITY**

- Waste Management
- Sustainable Energy
- Travel & Vehicle Emissions
- Social Sustainability
- Raising Awareness

### **DIVERSITY & INCLUSION**

- Staff Training
- Providing industry placements for young, underrepresented groups
- Demonstrating a commitment to driving change
- Commitment to building a diverse and inclusive organisational culture

Our aim is to set realistic, achievable, and measurable targets with our suppliers, to track improvements and identify further areas for growth. We seek to be an agent of change; it is our responsibility to back progress and act as industry leaders in these areas.

As an independent charity that does not receive any regular public funding, all event hire income directly contributes to our diverse cultural programme, our pioneering inclusive talent engagement work, our support of emerging artists, and helps to maintain our historic Grade I listed site.
